

Ambassador Program

Thanks for your interest in becoming a CoSpaces Edu Ambassador! We're lucky to be supported by a great community of educators who use CoSpaces Edu in their schools and regularly provide us with their feedback and suggestions.

What does an Ambassador do?

Our Ambassadors are avid CoSpaces Edu users and supporters who have been selected to represent our brand in schools and everywhere else where we can't be. They support the CoSpaces Edu platform and team in many ways, from providing feedback and insights on the usage of the platform in education, to helping to promote CoSpaces Edu and supporting educators who are new to CoSpaces Edu. Through this relationship, our Ambassadors are able to directly influence product decisions and actively participate in shaping the platform.

How can I become an Ambassador?

If you already use CoSpaces Edu in your school, want to represent CoSpaces Edu and help change the world of education, then this is for you! We accept applications to the Ambassador Program twice in the school year: in July and in January. To apply, please take our [application test](#) and email marketing@delightex.com including:

- a short video introduction or an essay about your usage of the platform and your interest in to becoming a CoSpaces Edu Ambassador;
- links to some of the spaces you've created, including at least one of the following: CoBlocks code, multiple scenes, 360° image, sound.

CoSpaces Edu Ninja – knows how to handle people

Most educators who join the Ambassador Program first start off as CoSpaces Edu Ninja Ambassadors. Their role is to promote the platform online and/or offline and help build a community of educators who want to share their love of CoSpaces Edu.

Responsibilities:

- Participate in the “Ambassador Hangout” on the forum.
- Support users on our online forum and Facebook group.
- Promote CoSpaces Edu in your circles, online or offline.
- Provide regular insights and feedback to the team.

Rewards:

- 30 CoSpaces Edu Pro seats to demo the product.
- Your own trial code to let anyone test Pro for free.
- Information on new releases before everyone else.
- Priority support and contact with the CoSpaces Edu team.

CoSpaces Edu Rockstar – knows how to work a crowd

Rockstar Ambassadors are influencers who are passionate about the field of EdTech and are dedicated to sharing the tools they like to use with others. They love talking about their favourite technology in their communities, whether it's online or at events and in workshops, and are an active voice for CoSpaces Edu in education.

Responsibilities:

- Participate in the “Ambassador Hangout” on the forum.
- Support users on our online forum and Facebook group.
- Promote CoSpaces Edu in your circles, online or offline.
- Participate in and lead events featuring the platform.
- Provide regular insights and feedback to the team.
- Participate in user testing calls and surveys.

Rewards:

- 50 CoSpaces Edu Pro seats to demo the product.
- Your own trial code to let anyone test Pro for free.
- Information on new releases before everyone else.
- Priority support, user testing and contact with the team.

CoSpaces Edu Guru – knows how to master and teach knowledge

Guru Ambassadors are CoSpaces Edu experts who know the platform in-depth and teach it to other educators. They promote CoSpaces Edu everywhere they can, create their own educational content and have a key role in providing recommendations and feedback to help improve CoSpaces Edu.

Responsibilities:

- Participate in the “Ambassador Hangout” on the forum.
- Support users on our online forum and Facebook group.
- Promote CoSpaces Edu in your circles, online or offline.
- Participate in and lead events featuring the platform.
- Create educational content about CoSpaces Edu.
- Provide regular insights and feedback to the team.
- Participate in user testing calls and surveys.

Rewards:

- The CoSpaces Edu T-shirt.
- 100 CoSpaces Edu Pro seats to demo the product.
- Your own trial code to let anyone test Pro for free.
- Information on new releases before everyone else.
- Priority support, user testing and contact with the team.
