Message to parents/guardians

About using CoSpaces Edu at home

While our school is closed due to the COVID-19 pandemic, our classes move to online platforms so that your kids can continue their education through remote learning.

Students will be using CoSpaces Edu, a 3D creation platform that enables students to create virtual worlds on any topic and animate them through basic coding.

How to set up CoSpaces Edu

CoSpaces Edu works from any computer in the Internet browser at **cospaces.io/edu**.

Alternatively, kids can use a tablet device with the CoSpaces Edu app downloaded.

For kids who have already used CoSpaces Edu:

1. Go to **cospaces.io/edu** from any computer and click Log in. *
   * If you're using a tablet device, open the CoSpaces Edu mobile app and log in.
2. Go to Classes to view your classes in CoSpaces Edu.
3. Click on a class to enter it and view your Assignments.
4. Contact your teacher if you're not able to join your class.

For kids who are new to CoSpaces Edu:

1. Go to **cospaces.io/edu** from any computer and click Register. *
   * If you're using a tablet device, download the CoSpaces Edu mobile app (available from the App store and the Google Play store) and create an account.
2. To create an account, select Student.
3. Enter the class code provided to you by your teacher.
4. Define your account login details. Choose something you'll remember!
5. Go to Classes to view your classes in CoSpaces Edu.
6. Click on a class to enter it and view your Assignments.
7. Contact your teacher if you're not able to join your class.
